*Although Douglas overhead for 1960 is  
not finalized nor is [redacted] 1961 overhead,  
it's safe to say almost no money  
will remain at completion & final

Ref: [REDACTED] Letter dated 2 April 1962

Gentlemen:

In reply to Reference Letter regarding the submission of final invoice and release of claims for subject sub-contract, you are advised that the Bureau of Naval Weapons Representative has not approved the Contractor's fiscal 1960 overhead which is applicable to sub-contract [REDACTED] therefore, final invoice can not be furnished at this time.

25X1A

It is anticipated that the BuWepsRep will approve the 1960 overhead by late 1962 and at that time immediate action will be taken to process final invoice and release of claim to you for payment.

Very truly yours
